

# Enhancing Your Online Teaching to Meet the New Federal Rule

Presented by: Anjana Singhal & Dr. Jackie Hsu

August 12, 2021

# Objectives

- Increase awareness about the New Federal Distance Education Rule
  - Apply strategies that makes an online course effective
  - Learn about tools and accessibility
  - Identify help resources
-

Part I

New Federal Distance Education Rule

# New Federal Distance Education Rule

- Effective July 1, 2021
  - Requires all online courses and programs include '*regular and substantive interaction (RSI)*'
  - Applies to synchronous and asynchronous courses, with primary focus on asynchronous courses
-

# ED Statement & RSI Activities

*Two of the following activities totaling **at least 50-60 minutes every week for a 3 credit-hour course** in a long fall/spring semester, or a scaled number of minutes for a course with a different number of credit-hours and a shorter or longer semester*

- Synchronous lecture, recitation or similar activity
  - Submitting an assignment (*includes feedback*)
  - Taking an exam (*includes feedback*)
  - Participating in an *interactive* tutorial, webinar, or similar activity
  - Participating in a group project or an online discussion activity
  - Interacting with an instructor about academic matters
-

# What is Regular and Substantive Interaction (RSI)?

- Initiated by the instructor
  - Regular, scheduled and predictable
  - Relevant to the course content
  - Engage students in substantive interaction
-

# Instructor Responsibilities

Include at least *two* of the following methods:

- Direct instruction
    - discussion participation, instructor feedback, synchronous lectures
  - Provide information, respond to questions
  - Coursework assessment and feedback
  - Facilitate group discussion
  - Other instructional methods approved by accreditor
-

# Examples of RSI

## **Instructor Initiated**

- ✓ Synchronous lecture
- ✓ Instructor-facilitated discussions
- ✓ Frequent and timely feedback

## **Scheduled & Predictable**

- ✓ Weekly summaries or highlights of discussion posts
- ✓ Regularly scheduled online reviews or help sessions
- ✓ Scheduled virtual office hours

## **Substantive Interactions**

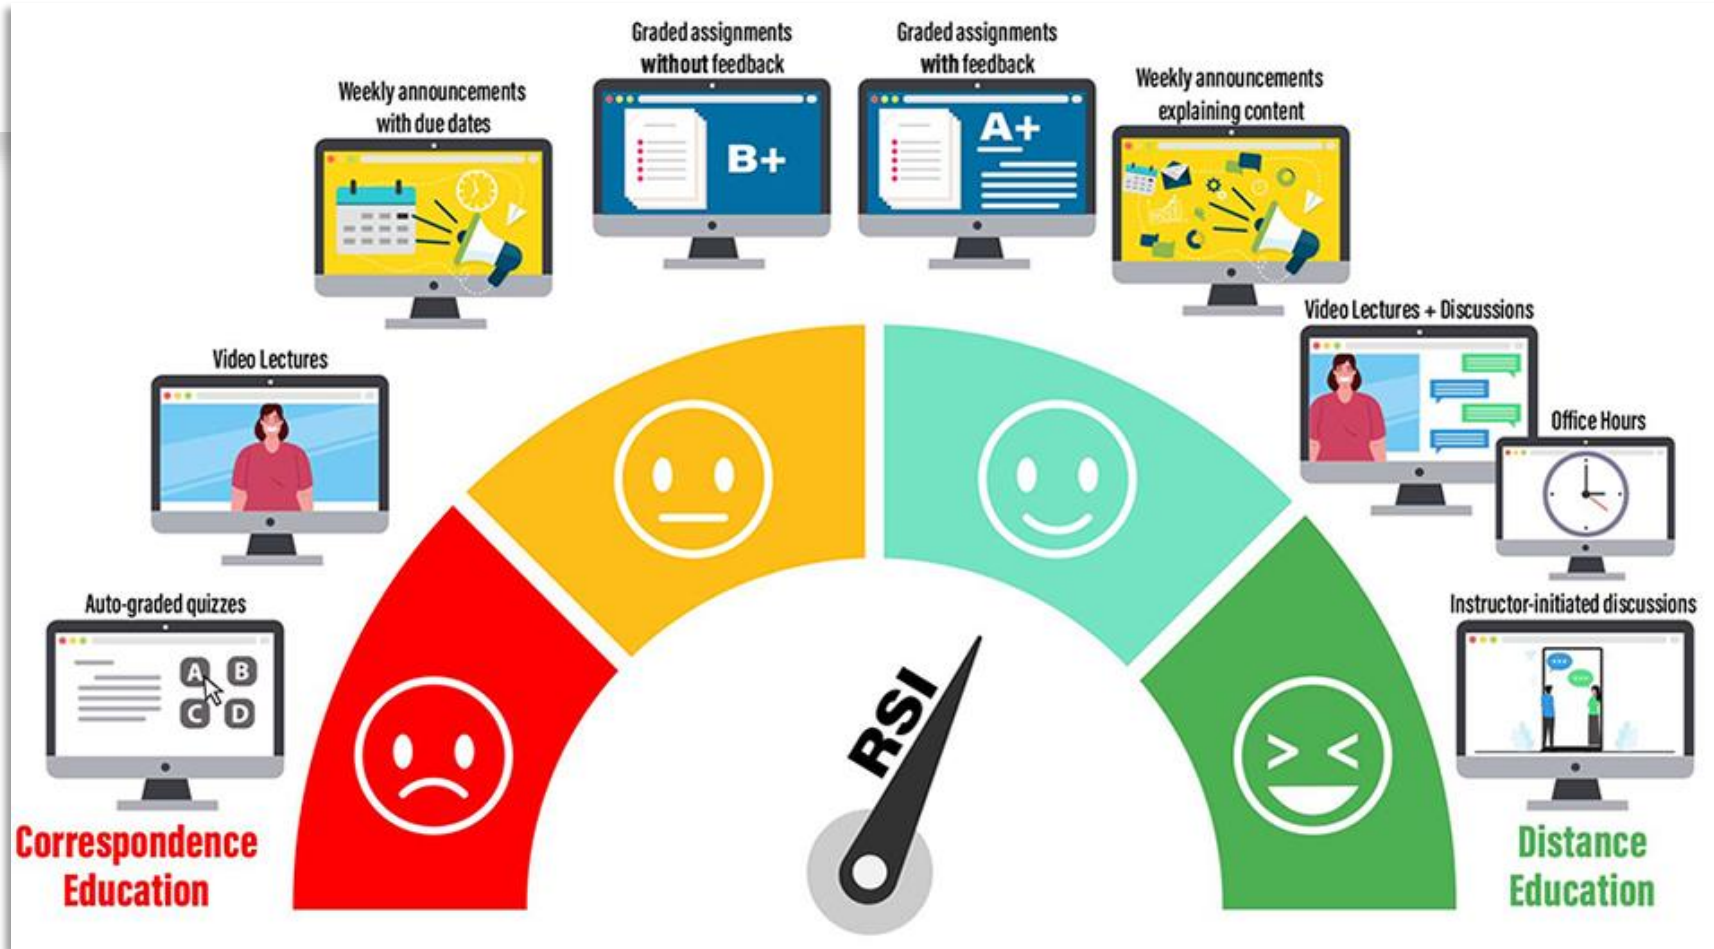

- ✓ Study guides for scaffolding learning
  - ✓ Personalized feedback on assignments
  - ✓ Monitoring and guiding student-to-student interactions
-

# What does *not* constitute RSI?

- Welcome messages, announcements
  - Pre-recorded lectures, non-interactive webinar
  - Open-ended, unmoderated discussion forum
  - Assignments that do not require reviewing and interaction
  - Automatically graded tests
  - Student-solicited office hours
  - Optional review sessions
  - Reminding students of course attendance policy
  - Adding numeric grades to the gradebook
-

# Regular and Substantive Interaction Index

# RSI Activities In Your Class

# Part II

## Strategies for Making Courses Effective

# Online Course Format: Synchronous vs Asynchronous

**Online synchronous**— a course **where students and instructor are required to meet at a scheduled time** via a web conferencing tool such as Microsoft TEAMS or Zoom.

**Online asynchronous**—a course where students and instructors have variable schedules and have limited meetings.

---

# Course Design

- Include course overview and instructor information
  - Determine the content flow and engagement (*think content and activities*)
    - Identify synchronous and asynchronous components
  - Use modular approach
  - Keep modules consistent and organized
  - Pay attention to visual design and layout
  - Ensure accessibility
  - Choose appropriate tools and technology
-

# Syllabus

- Contract between instructors and students
- Clearly defines expectations for students
- Dates for synchronous meetings clearly identified
- Deadlines for assignments and assessments clearly outlined
- Accessibility Resources clearly identified

## Syllabus Checklist

Use this checklist to ensure all items are included in your syllabus to meet UH requirements and recommendations.

Confirm	Syllabus Items	Description
	Course Name, Semester, and Year	Full name of the course and when the course will take place.
	Instructor Contact Information	Contact information students need to reach you during the semester (office room, office hours, phone, email).  <i>Note.</i> SAM Policy requires all University of Houston business to be conducted via your @central.uh.edu or @cougar.net.uh.edu email mailbox – this includes communication with students. Nothing should be received or sent from a non-UH email address. Visit AccessUH and click on the "PASS/HR" icon to set your "destination email" to your UH official email address.
	Course Information	Class sections, days/times, rooms, and instructional modes. Instructional mode describes how the course would be taught: face-to-face, hyflex, hybrid, or online.
	Course Description	Description of the course to give students an understanding of what major themes will be covered during the semester.
	Learning Outcomes and Objectives	Include specific instructional objectives that may specify measurable learning outcomes.
	Required Materials and Readings	Items students may need to purchase for the course.
	Technology Requirements	Technology items student will need to activate, install, or purchase. Example: Internet browsers, active CougarNet, Adobe Reader, etc.

# Engagement & Interaction

## Set Expectations and Model Engagement

- Reach out before start of the class (*make course available early*)
- Post expectations and course policies
- Provide content in multiple formats

## Build Engagement and Motivation

- Provide short introduction to each module
  - Provide clear guidance for completing activities and for gaining deeper understanding of the course content
  - Encourage students to ask questions and share reflections
  - Support students' ability to explore and create
-

# Engagement & Interaction

- Integrate active learning (*flipped model, problem-based, project-based learning*)
  - Foster collaboration and sense of community
  - Assess early and often
  - Timely, frequent feedback
-

# Interaction Examples

## **Instructor to Students**

- ✓ Lectures/TA/Lab sessions
- ✓ Q&A sessions
- ✓ Announcements
- ✓ Course email/message
- ✓ Assignments/assessments

## **Student to Student**

- ✓ Collaborative projects
  - ✓ Peer review
  - ✓ Group presentations
  - ✓ Group discussions
-

# Assessment and Feedback

- Create assessments tied to course goals and objectives
  - Add essay or short answer questions to Multiple Choice exams
  - Include multiple types of assessments
  - Convey your expectations about student work (*Include Rubrics*)
  - Provide timely and substantive feedback
-

# Student Feedback

- Course Surveys
    - Beginning
    - Midterm
    - End of the semester
  - Review and revise
-

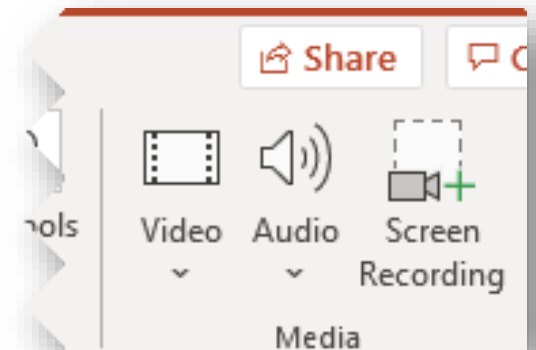

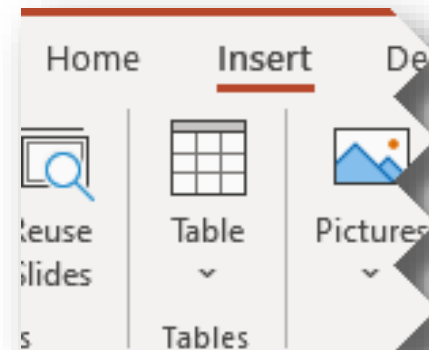

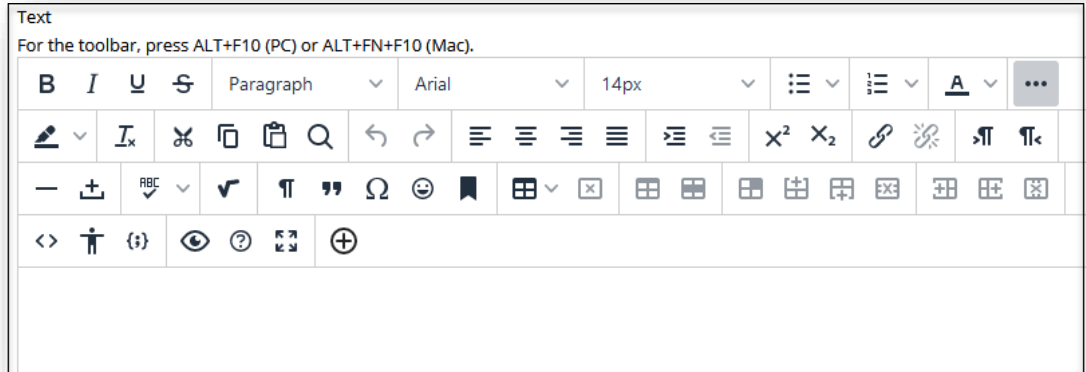

# Part III

## Tools for Content Creation, Delivery & Interaction

# Tools for Content Creation

## Welcome message & Course orientation

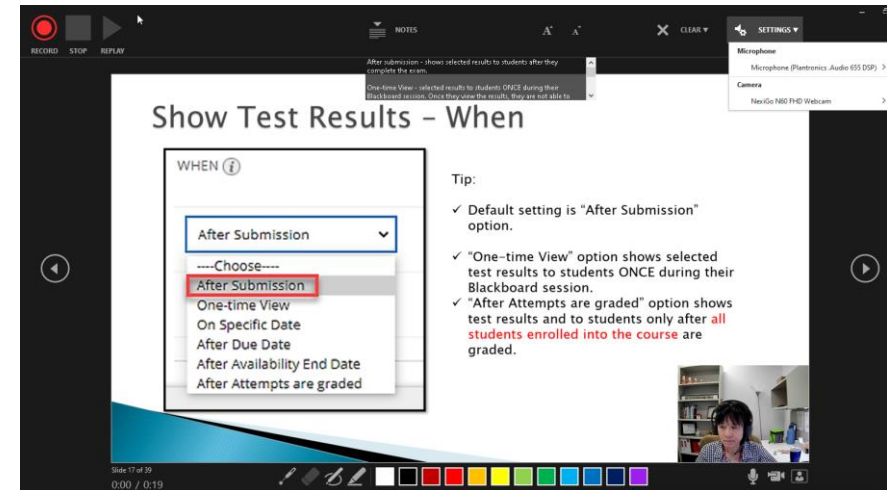

- MS Word or Blackboard Content Editor
- PowerPoint "Audio" or "Screen Recording"

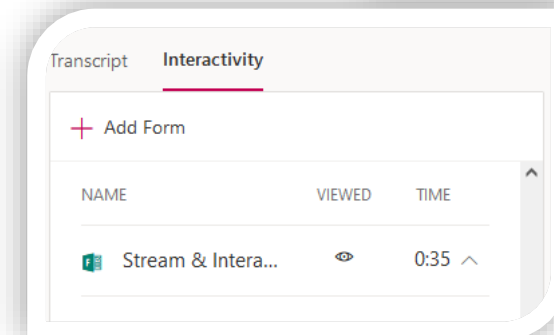

# Tools for Content Creation - 2

## Prerecorded Lecture

- PowerPoint “Record Slide Show”
  - Open Broadcaster Software (OBS)
  - Camtasia
- Adding interactivity into the recording
- Microsoft Classic Stream + Microsoft Forms
- Having the follow-up activity

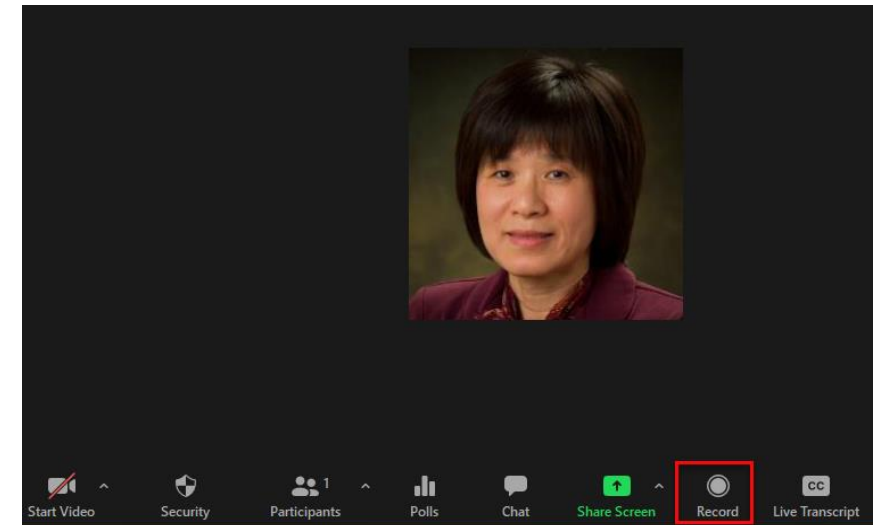

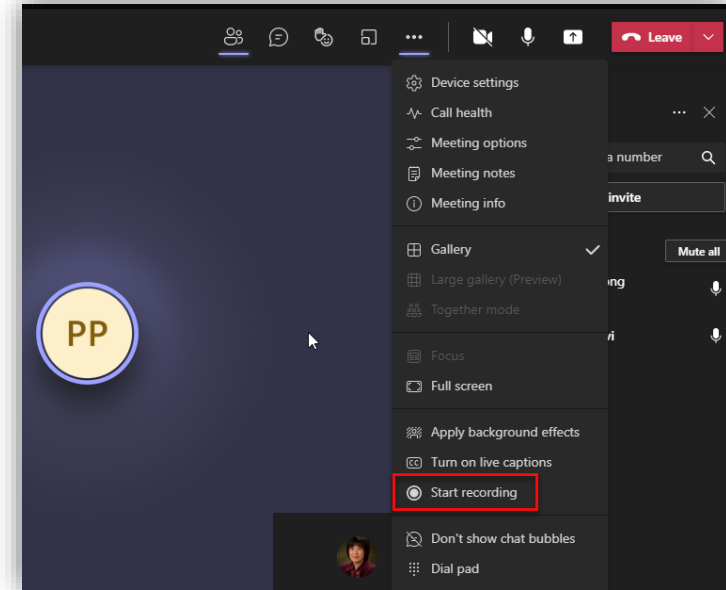

OBS Studio

# Tools for Content Creation - 3

## Live Lecture Recording

- Microsoft Teams Meeting
    - Recording saved in SharePoint
  - Zoom Meeting
    - Recording saved in your local computer or Zoom cloud
- Add closed caption to meet accessibility

# Tools for Content Creation - 4

## Assessments & Feedback

- Bb Test & Item Analysis
- Bb Assignment/Annotate/Rubric
- Turnitin/Inline grading/Audio feedback/Rubric
- Bb Discussion
- Blackboard Retention

The screenshot displays the Blackboard interface with several key components:

- Top Menu:** A dropdown menu is open, showing options: View All Attempts, Grade Questions, **Item Analysis** (highlighted with a red box), View Grade History, Edit Column Information, Column Statistics, Set as External Grade, Hide from students (on/off), and Clear Attempts for All Users.
- Feedback Summary:** A panel on the right titled "Feedback Summary" with a close button. It includes a "Voice Comment" section with a timer (0:00 / 3:00) and a "Text Comment" section with a message: "There is no text comment for this paper. Click here to leave a text comment."
- Assignment Details:** A panel on the right showing "GRADE" (LAST GRADED ATTEMPT) and "ATTEMPT" (7/8/21 10:21 AM).
- Students currently at risk:** A section with a red bar indicating 17 students. Below it is a table with columns: STUDENT, MISSED DEADLINES, GRADES ALERT, ACTIVITY ALERT, and ACCESS ALERT. The table lists students: Juan Hernandez, Sunil Katril, Mei Wong, Alyssa Dubois, Porter Durand, Linda Herrera, Sandra Scott, and Sarah Spooner.
- Students you are monitoring:** A section on the right showing details for two students: Javier Perez and Alyssa Dubois. For each, it lists Last Access, Activity (e.g., 31% below average for Javier), Grade (e.g., 23.28% below average for Javier), and Missed Deadlines (0 for both).

# Tools for Content Creation - 5

## Gather Students' Feedback

- Blackboard Survey
- Microsoft Forms

### Tests, Surveys, and Pools

#### Tests

Tests are sets of questions that are graded to measure student performance. Once before students can take the test. Test results are reviewed in the Grade Center. N

#### Surveys

Surveys are not graded, and student responses are anonymous. They are useful for performance. Surveys must be deployed in a content folder for students to respond

#### Pools

Pools are sets of questions that can be added to any Test or Survey. Pools are used in a Survey.

### Settings

#### Option for quiz

Show results automatically

Responders will see their results and correct answers immediately after submitting the quiz.

#### Who can fill out this form

- ☐ Anyone can respond
- ☒ Only people in my organization can respond

☐ Record name

☐ One response per person

- ☐ Specific people in my organization can respond

# Tools for Content Delivery

- Blackboard
- Microsoft Teams
- UH SharePoint/OneDrive
- Microsoft Classic Stream
- YouTube

Blackboard

Microsoft Stream

# Tools for Instructor-Student Interaction

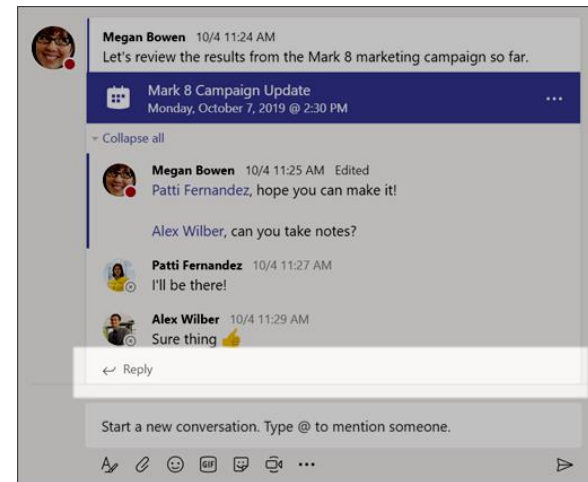

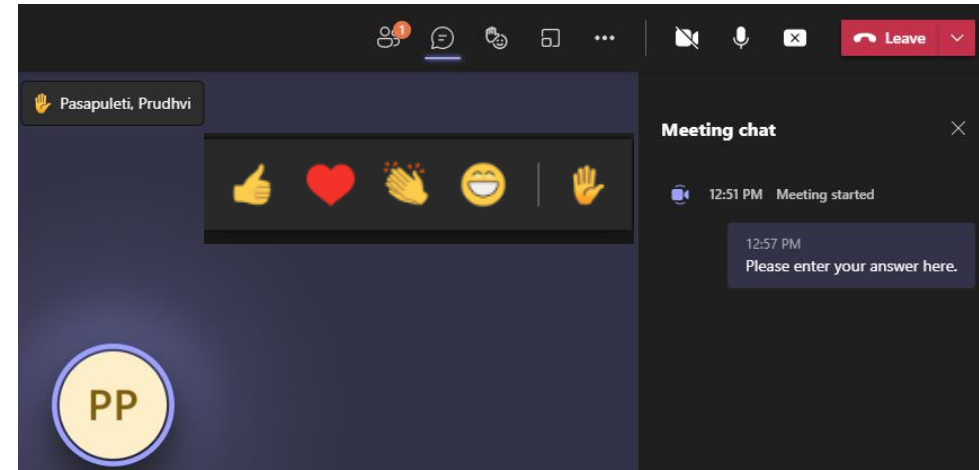

## Synchronous lecture/meeting

- Microsoft Teams
- Zoom

## Communication with students

- Blackboard announcements
- Blackboard Email/Message
- Microsoft Teams Class Chat
- Microsoft Outlook

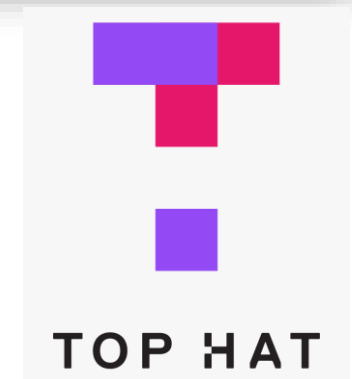

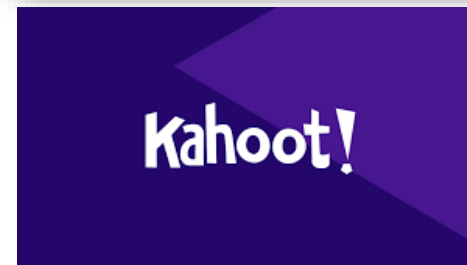

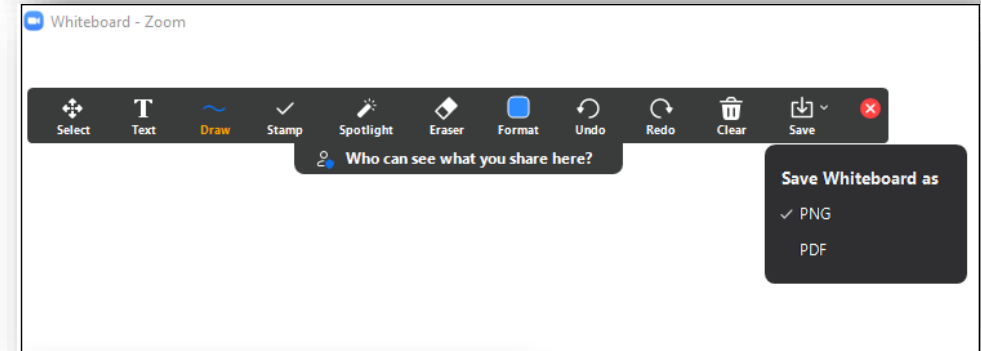

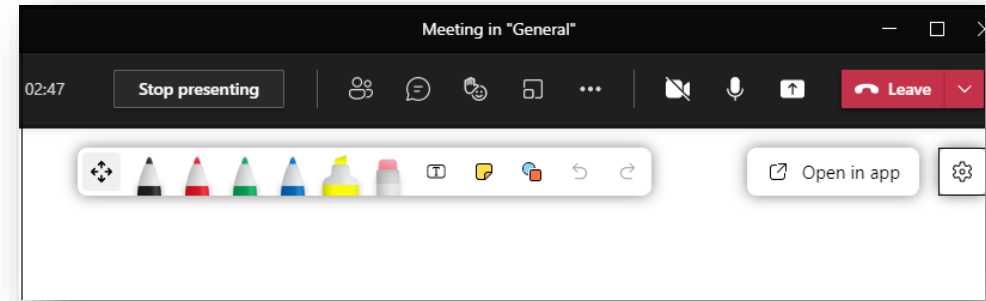

**\*\*Important: Use UH Email Address**

# Tools for Instructor-Student Interaction -2

## Live Lecture Engagement

- Teams or Zoom whiteboard
- Microsoft Forms or Zoom Poll
- TurningPoint
- Tophat
- Kahoot

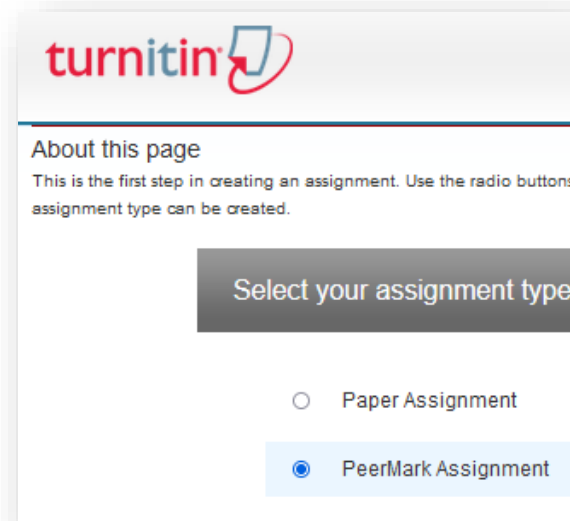

# Tools for Student -Student Interaction

## Critique, Discussion, & Connect

- Bb Discussion
- Bb “Self and Peer Assessment”
- Turnitin “PeerMark Assignment”
- Flipgrid

## Collaboration

- Office 365 Web (Word, PowerPoint)
- MS Teams with breakout room
- Zoom breakout room

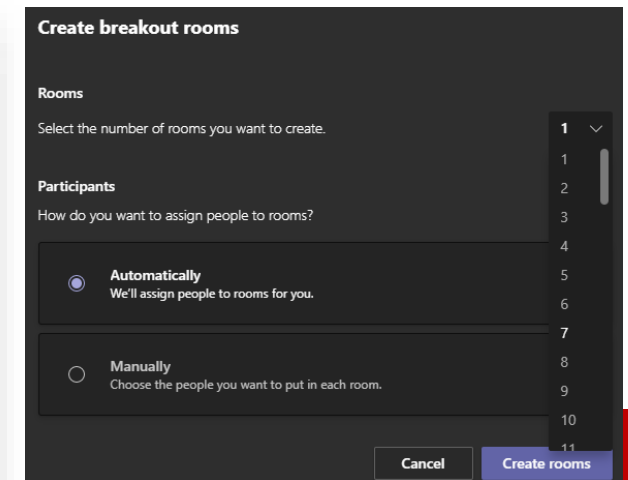

turnitin

About this page  
This is the first step in creating an assignment. Use the radio buttons assignment type can be created.

Select your assignment type

☐ Paper Assignment

☒ PeerMark Assignment

Create breakout rooms

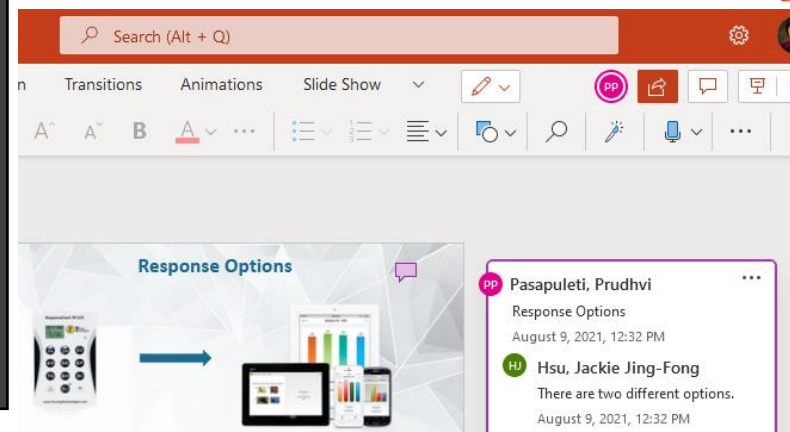

Rooms  
Select the number of rooms you want to create.

Participants  
How do you want to assign people to rooms?

☒ Automatically  
We'll assign people to rooms for you.

☐ Manually  
Choose the people you want to put in each room.

# Poll Usage

<https://forms.office.com/r/trEk3nMLJe>

Poll Results:

<https://tinyurl.com/dfhkcbk8>

# Considerations in Selecting Tools

- ✓ Utilize tools approved by UH IT for Support and FERPA
  - ✓ Ensure tools meet accessibility standards
  - ✓ Cost
-

# Part IV

## Inclusive Design & Accessibility

# Poll: What is inclusive design?

- <https://forms.office.com/r/1SqrRtH46w>

## Responses

- [https://forms.office.com/Pages/AnalysisPage.aspx?id=vboLF\\_CikEytSw6PDwxCWccK4uuRb-dBpSboz6\\_fgXxUN0IRWDIPU08wVVdXQUZDNDBKN01GWVIVNy4u&AnalyzerToken=OATJZR4EVOfleavazDiyhyHOE0uvSlm](https://forms.office.com/Pages/AnalysisPage.aspx?id=vboLF_CikEytSw6PDwxCWccK4uuRb-dBpSboz6_fgXxUN0IRWDIPU08wVVdXQUZDNDBKN01GWVIVNy4u&AnalyzerToken=OATJZR4EVOfleavazDiyhyHOE0uvSlm)

# Inclusive Design

- Flexible
  - Co-creation and frequent feedback from end users.
  - Seeking contributions from excluded communities during the entire design and evaluation process (Garcia, 2019)
-

# Examples of Inclusive Design

- Solicit feedback from students
  - Provide alternate ways of submitting final project; website, short video, paper
    - Provide rubrics for the different formats
  - Chosen readings reflect a diversity of contributors in the field
  - Chosen content has multiple means of representation for accessibility and inclusiveness
-

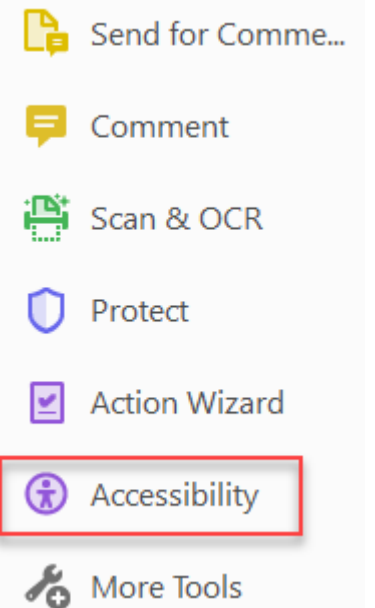

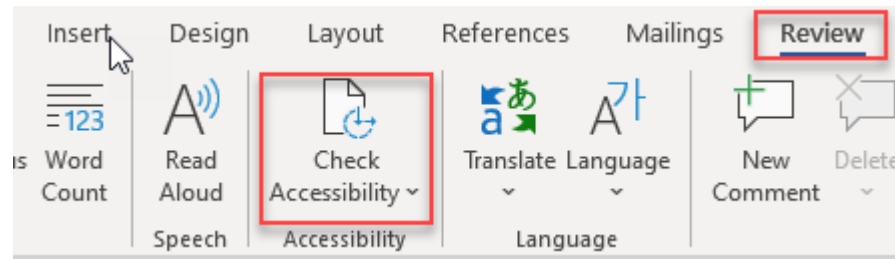

# Accessibility

- [Video: What is accessibility? \(linkedin.com\)](#)
  - The functional definition of accessibility states that people with disabilities must be provided the opportunity to
    1. acquire the same information,
    2. engage in the same interactions,
    3. enjoy the same services as people without disabilities, with
    4. "substantially equivalent ease of use."

(Source: [EIR Accessibility FAQs - University of Houston \(uh.edu\)](#))
  - [Video: Online Accessibility - Giving College of DuPage Students an Equal Experience \(In-Service\)](#)
-

# Check Accessibility

- Microsoft Word, PowerPoint, Excel
- Adobe Acrobat
- Blackboard Ally

# Blackboard Ally

- Ally automatically rates the accessibility of your Blackboard content and shows you how to fix accessibility issues.
    - The accessibility scores are low(red), medium (yellow), high (green), and perfect (dark green).
    - You want to fix content that is low or medium scoring.
    - Items with a high score can usually be easily fixed.
    - You can view the score directly in your content areas, content collection, or Course Tools > Accessibility Report
-

# Common Accessibility Issues

- Document does not have headings
  - Image does not have alternative text (Most common issue)
  - PDF is a scanned image of text
  - Document has tables that are missing header
-

# Demostration – Word Accessibility

- Adding Heading
  - Adding Alt text to an image
  - Adding header to a table
-

# Find Course Accessibility Score using Ally

Go to Blackboard > Course Tools > Accessibility Report

- Share the score in the meeting chat
  - Seek help from your college ID or FDIS
  - Review help resources
-

# Resources

Resources file will be shared.
